PROFESSIONAL SUMMARY

Aspiring Full Stack Developer with hands-on project experience in HTML, CSS, JavaScript, React.js, and Node.js, built through self-driven learning and NxtWave Academy's certification program. Brings 3 years of prior experience as a Production Controller in the automotive manufacturing industry, with a strong record in process analysis, root-cause problem solving, and cross-functional coordination — now applying that analytical, detail-oriented approach to building clean, functional web applications as a Full Stack / Frontend Developer.

TECHNICAL SKILLS

Languages & Core: JavaScript, Python, SQL, HTML5, CSS3

Frameworks & Libraries: React.js, React Native, Node.js

Tools & Platforms: Git, GitHub, REST APIs, Vercel, VS Code

Concepts: Responsive Web Design, Component-Based Architecture, CRUD Operations, Version Control, Database Fundamentals

PROJECTS

User Management Dashboard | React.js, JavaScript, CSS | GitHub | Live Demo

- Built a responsive User Management Dashboard in React.js to add, view, edit, and delete user records with a clean, component-based UI.
- Implemented dynamic search/filter and form validation to improve data entry accuracy and user experience.
- Deployed the application on Vercel for live public access and continuous availability.

Personal Portfolio Website | React.js, CSS, JavaScript | GitHub | Live Demo

- Designed and developed a fully responsive personal portfolio using React.js to showcase skills, projects, and resume.
- Structured reusable components and mobile-first CSS layouts for consistent display across devices.
- Deployed and hosted the site on Vercel with continuous updates as new projects are added.

Expense Manager Calculator | React.js, JavaScript | GitHub

- Developed a React.js-based expense manager to record income and expenses and calculate running balance in real time.
- Used React state/hooks to manage dynamic transaction lists and instantly reflect updates in the UI.

WORK EXPERIENCE

Production Controller — Production Management

Kia India Pvt Ltd, Anantapur | 21 May 2021 – 20 May 2024

- Led daily work allocation and task scheduling for a production team, improving workflow efficiency and on-time output through structured planning and prioritization — skills directly transferable to sprint planning and task management in agile engineering teams.
- Mentored and trained junior team members on standard operating procedures, strengthening documentation habits and knowledge-sharing practices.
- Coordinated with vendors and cross-functional teams to track materials and resolve assembly-line issues, developing strong communication and stakeholder-management skills.
- Analyzed production and quality-tracking data to identify defects and process bottlenecks, applying root-cause analysis and data-driven decision-making — an approach carried directly into debugging and problem-solving in software development.

EDUCATION

Bachelor of Commerce (Computer Applications)

Acharya Nagarjuna University, Guntur | June 2022 – July 2026 | 82.03%

Intermediate — MPC (Mathematics, Physics, Chemistry)

Sri Sai Kurupa Junior College, Dharmavaram | July 2020 – April 2021 | 60.03%

Diploma in Mechanical Engineering

PVKK Institute of Technology, Anantapur | April 2016 – May 2019 | 80.10%

CERTIFICATIONS — NXTWAVE ACADEMY

- Programming Foundations & Developer Foundations
- Build Your Own Static Website, Responsive Website & Dynamic Web Application
- JavaScript Essentials, Responsive Web Design using Flexbox & Introduction to Databases
- Node JS & React JS – Getting Started

Languages: Telugu (Native) | English (Intermediate) | Hindi (Intermediate)
